ABOUT ME

Creative, hard-working, and extremely ambitious Multimedia Design student with a passion for web design, front-end development, and UX/UI. Based in Denmark and currently pursuing my second year in Multimedia Design, I offer a diverse skill set across design and technology. Throughout my education, I've refined my communication, time management, and critical thinking skills. As a fast learner who thrives on challenges, I'm eager to contribute to innovative projects and make a significant impact as part of your team.

EDUCATION

Erhvervsakademi Sydvest (EASV)

Aug 2023 - Present

Multimedia design

Key Modules: Design and Development, Content Creation, Photography and Video Production, UX, CMS, Advanced JavaScript, Basic Development Environments, DTP Adobe, Digital Marketing

PROJECTS

Fantasy Festival Website - Vue.js

Vue.js, JavaScript, HTML, CSS

Designed and developed a complete website for a real client as part of a second-semester final exam. The project included creating a responsive and dynamic user interface, improving the client's online presence, and enhancing user engagement through modern web development techniques.

FantasyFestival App – Wayfinding

Figma, User Research, Prototyping

Designed a mobile app to enhance wayfinding for festival attendees. Conducted user research to identify navigation challenges and created wireframes and interactive prototypes in Figma. The app features real-time maps aimed at improving accessibility and overall festival experience.

EXPERIENCE

DM Drogerie Markt

Nov 22 - Jun 23

Cashier Assistant

*Working as a cashier assistant in a large company like DM for several months before starting my education equipped me with excellent **customer service, consulting, organizational, and sales skills**, as well as valuable experience in **teamwork**.*
